Crime Hazard Reminders

The Crime Hazard Reminder Program was developed to help the Hill AFB populace to keep their property and maintain a safe environment. Over the last several years the vast majority of thefts involved property that was left unsecure. The Crime Hazard Reminder is a notice placed on the residence, vehicle or piece of property by a Security Forces Member who observes a situation that may result in a theft or unsafe situation. If you receive a Crime Hazard Reminder no action on your part is required. The intent is to just inform you the situation and remind you to secure your property or eliminate a possible unsafe situation. If you have any questions or comments please contact Police Services at 775-2627
